Filip Bozovic
DevOps Engineer

Profile

DevOps Engineer with proven experience in optimizing CI/CD pipelines, deploying Docker images, and writing automation scripts. Currently an undergraduate student of Mathematics, adept at learning new technologies and working in team environments. Actively seeking opportunities to apply my skills in DevOps and software development.

Work experience

DevOps Intern
present ↑ February 2024.

Neopsyon, Remote

- Gained hands-on experience with Microsoft Azure, Azure Devops, and Powershell.
- Assisted in the development and optimization of CI/CD pipelines.
